At Spring Creek Offroad in Spring, TX

**DON'T MISS OUT on your chance to farewell Spring Creek as a trials venue.** Unfortunately, the council is reclaiming the land to extend a "green belt" through the area...and this may be the last chance we have to run an event at this excellent location. For those who rode the Texas State Round at Spring Creek back in 2008, there have been changes to the areas you rode in and new natural terrain uncovered at the back of the property – plenty to come and play on!
